

DESTINATION

Here's our must-visit attractions when visiting the beautiful island of Nassau

Snorkel adventure

Surrounded by crystal clear blue waters and colourful coral reefs, Nassau offers an incredible array of tropical fish and sharks. Swim among them or view them from the boat with a number of snorkelling and scuba diving tours from the harbour.

Aquaventure water park

If you're looking for shark-free waters head to Atlantis, which promises an action-packed day in a more contained environment. This 140 acre waterscape is a one of a kind water park with high-speed water slides, rolling rapids and surge waters. Plus, with over 20 different types of swimming pools there's something for everyone.

Cable Beach

If pristine beaches with white sands and turquoise waters are what you're after, Cable Beach should be at the top of your list. Take a camel ride along this 14 mile stretch of beach which offers breath-taking sunsets and views towards Java.

Swim with the pigs

Step aboard a 40' power boat that will whisk you from the harbour to a microcosm of wildlife where you can literally swim with pigs. These bundles of joy are native residents to the surrounding islands of Nassau, they take to the water to keep cool as they forage from one island to the other.
